GRIFFIER VAN DIE HOË HOF VAN

NOTICE OF MOTION

REGISTRAR OF THE HIGH COURT OF SOUTH AFRICA GAUTENG DIVISION, PRETORIA

PRIVATE BAGINA 0001

2015 -10- 2 3

BE PLEASED TO TAKE NOTICE THAT application will be made at **10h00** on **TUESDAY**, **17 NOVEMBER 2015** or so soon thereafter as the matter may be heard by the above Honourable Court for an order:

- Directing that this matter be heard urgently and condoning the applicants' failure to comply with the forms, periods and other provisions of the Uniform Rules.
- Granting the applicants leave in terms of section 133(1) of the Companies
 Act, 2008 to launch these proceedings, insofar as is necessary.
- Pending the final determination of the main application launched under this case number, interdicting and restraining the first to third respondents from implementing the business rescue plan in respect of the first respondent annexed as "FA5" to the founding affidavit in the main application and as adopted at the meeting on 13 October 2015.
- Directing that the costs of this application be reserved for determination in the main application, save that any respondent who opposes this application pay the costs of the application.
- 4 Granting such further and/or alternative relief as may be appropriate

TAKE NOTICE FURTHER that the affidavit of TANIA MOSTERT with annexes will

be used in support thereof.

TAKE NOTICE FURTHER that if you, the respondents, intend opposing this application, you are required to:

- a) notify the applicants' attorneys in writing of your intention to do so before **16h00** on **THURSDAY**, **29 OCTOBER 2015** and that in such notice to appoint an address referred to in Rule 6(5)(b) at which you will accept notice and service of all documents in these proceedings; and
- b) file your answering affidavit, if any, on or before 16h00 on TUESDAY, 3 NOVEMBER 2015.

KINDLY PLACE THIS MATTER ON THE ROLL ACCORDINGLY

FOUNDING AFFIDAVIT

I, the undersigned,

TANIA MOSTERT

do hereby make oath and say that:

- 1. I am an adult female and the Financial Director of Evraz Vametco Holdings Proprietary Limited ("EVH"). EVH is a company duly registered and incorporated according to the company laws of South Africa and is an affiliate of Evraz PLC. Evraz PLC is a multinational vertically integrated steel making and mining company headquartered in London, United Kingdom. Evraz PLC is the ultimate holding company of the applicants.
- The facts in this affidavit are within my personal knowledge, unless appears otherwise, and are to the best of my belief correct.
- 3. The applicants seek to urgently interdict the implementation of the business rescue plan of the first respondent ("the Plan") by its business rescue practitioners, the second and third respondents, pending the outcome of an application already launched by the same applicants in this Court, in which the applicants seek an order *inter alia*:

- 3.1 declaring the Plan is invalid; and
- 3.2 declaring the vote that took place at the meeting on 13 October 2015 at which the Plan was adopted is invalid and set aside.

("the Main Application")

- 4. The first applicant voted against the adoption of the Plan on 13 October 2015.
- 5. I am the deponent to the founding affidavit in the Main Application, a copy of which will be indexed, paginated and placed in the Court file when this urgent application is heard. I therefore request that this affidavit and my founding affidavit in the Main Application be read together.
- 6. As set out in more detail below, this application is launched as one of urgency as on Friday, 23 October 2015, the applicants were informed by the second and third respondents that despite the serious deficiencies and irregularities in the Plan, and in the vote adopting the Plan on 13 October 2015, detailed in the Main Application that:
 - 6.1 they are statutorily obliged to implement the Plan;
 - 6.2 the implementation of the Plan is urgent; and
 - 6.3 by inference, they are currently implementing the Plan.
- 7. As I stated in paragraph 45 of my founding affidavit in the Main Application, to the extent that it became necessary to seek urgent interdictory relief pending the final determination of the Main Application, the applicants reserved their

as I

rights to supplement my founding affidavit in the Main Application in seeking interim relief on an urgent basis.

Accordingly, where I refer to the contents of my founding affidavit below, I
request that such references be incorporated into this affidavit to support the
relief sought by the applicants.

THE PARTIES TO THIS APPLICATION

- 9. The parties are fully described in the Main Application.
- 10. For ease of reference, I describe below briefly the principal parties.

11.

- 11.1 The first applicant is EAST METALS AG, a limited liability company duly registered and incorporated in accordance with the laws of Switzerland, with its principal place of business at Baarerstrasse 131, 6300 Zug, Switzerland ("EMAG").
- 11.2 EMAG is a large, if not the largest, creditor of the first respondent with a claim of R378,838,480.27 in respect of monies lent and advanced pursuant to a written loan agreement, for consultancy costs and for the supply of ferro vanadium slag. EMAG also funded the first respondent when it was in financial difficulty and at a time when commercial banks would no longer lend to it. It did so to support the ongoing operations of Highveld as a funder of last resort, once the first respondent was faced with the clear downturn in the steel sector.

De S

11.3 EMAG opposed the adoption of the Plan.

12.

- 12.1 The second applicant is MASTERCROFT S.A.R.L, a limited liability company duly registered and incorporated in accordance with the laws of the Luxembourg and with its principal place of business at 46A, avenue J.F. Kennedy, L-1855 Luxembourg ("Mastercroft").
- 12.2 Mastercroft holds 85.11% of the issued share capital of the first respondent.
- 12.3 Mastercroft, although not having been afforded the right to vote on the adoption of the plan, also opposes the adoption of the Plan.
- 13. The first respondent is EVRAZ HIGHVELD STEEL AND VANADIUM LIMITED (IN BUSINESS RESCUE), a public company duly registered in accordance with the laws of the Republic of South Africa, having its registered office and its principal place of business at Old Pretoria Road, Portion 93 of the Farm Schoongezicht 308 JS, eMalableni (Witbank) ("Evraz Highveld").
- 14. Evraz Highveld was voluntarily placed under supervision and in business rescue by way of a board resolution on 13 April 2015.
- 15. The second respondent is PIERS MARSDEN N.O., an adult male business rescue practitioner and one of the two business rescue practitioners appointed in the business rescue of Evraz Highveld, Marsden is represented by ENSafrica, upon whom a copy of this application will be served.

104

- 16. The third respondent is DANIEL TERBLANCE N.O., an adult male business rescue practitioner and one of the two business rescue practitioners appointed in the business rescue of Evraz Highveld, Terblanche is represented by ENSafrica, upon whom a copy of this application will be served.
- 17. The second and third respondents are collectively referred to as the business rescue practitioners or "the BRPs" and are cited in their representative capacities as the appointed business rescue practitioners of Evraz Highveld.
- 18. Evraz Highveld, the BRPs and IRP are represented by Attorneys Edward Nathan Sonnenbergs ("ENSafrica"), who will be furnished with a copy of this application.
- As stated in the Main Application, leave is being sought to serve the Main Application by way of substituted service.
- 20. To the extent necessary, we shall endeavour to furnish this urgent application on the various parties by way of such means as are practical given the urgency of the matter.
- 21. To this end, the business rescue practitioners have already, on 23 October 2015, attended to the publication of a SENS announcement informing shareholders of the Main Application. I annex a copy of the SENS announcement as "TM1".
- 22. The business rescue practitioners have also published on Evraz Highveld's website a similar notice, which I annex as "TM2". As at 08h30 on 26 October

de

2015, an entire copy of the Main Application was available for download on the Evraz Highveld website, under the section of the website dealing with its business rescue.

23. We shall request the business rescue practitioners, in discharge of their statutory duties, to similarly inform all affected parties of any court proceedings to publish an appropriate SENS announcement and an appropriate notice on the Evraz Highveld's website informing the affected parties of this urgent application and to make a copy of this urgent application available on the website.

LEAVE IN TERMS OF SECTION 133(1)(b) OF THE COMPANIES ACT

- 24. As the relief in this urgent application is directed at the purportedly adopted plan and constitutes proceedings against the company in business rescue, I submit that the leave of this Court is not required in terms of section 133(1) of the Companies Act to institute these proceedings.
- 25. Nonetheless, and to the extent necessary, I respectfully seek that such leave should be granted and I refer to paragraphs 38 to 45 my founding affidavit in the Main Application, where I set out the grounds for such leave to be granted.

URGENCY IN TERMS OF UNIFORM RULE 6(12)

26. The business rescue of Evraz Highveld is a matter of great importance to not only the affected parties but also to the greater eMalahleni (Witbank)

W

community. It is also a matter of much public interest, having attracted extensive press.

- 27. Evraz Highveld has been in business rescue since 13 April 2015.
- 28. The business rescue practitioners describe Evraz Highveld in the Plan as having 2, 233 employees permanent employees and 490 contractors in the neighbouring area.
- 29. The Plan provides that half of these will be retrenched if proposals 1 and 2 in the Plan are implemented whilst most will be retrenched if proposal 3 is implemented. None of the proposals entail saving all or most of the jobs.
- 30. As proposals 1 and 2 (which entail the continuation of some of the company's operations) are subject to conditions precedents that are unlikely to be fulfilled and are commercially untenable, if the Plan which the applicant seek to set aside is implemented, proposal 3 which entails the winding down of the company will result in the retrenchment of all, or at least most, of the employees.
- 31. The business rescue practitioners list creditors of approximately R1,1 billion in the Plan. By the time the vote took place on the Plan on 13 October 2015, these creditors had more than doubled to R2,3 billion. This constitutes part of the massive non-disclosure of which the applicants complain in the Main Application.
- 32. Whatever proposal is adopted, the creditors will suffer a massive loss, ranging at best from 16 cents to 29 cents in the rand but more likely only 10 cents to

all &

14 cents in the rand based on the most likely proposal 3, if the Plan that the applicants seek to interdict is implemented.

- 33. Given the importance of the business rescue, all affected parties including the applicants are entitled to a Plan that complies with the statutory requirements of Chapter 6 of the Companies Act, 2008 and which makes a full and proper disclosure of all relevant information. The affected parties are also entitled to make decisions and conduct themselves based upon a proper disclosure of this information and to vote accordingly whether to adopt or reject the Plan.
- 34. As appears below and as detailed in the Main Application, the business rescue practitioners did not disclose to the affected parties, before they voted on the Plan, that the creditors had more than doubled from R1,1 billion to R2,3 billion. This had a massive effect on the voting interests exercised at the meeting (EMAG's voting interest was diluted from 32% to 16%, for example). The affected parties had therefore made decisions based on incorrect and inadequate information.
- 35. The applicants launched the Main Application on 21 October 2015 for *inter alia* declaratory relief that both the Plan and the vote were irregular and are to be set aside.
- 36. As will appear below, the applicants' attorneys then sought undertakings from the business rescue practitioners that pending the determination of the Main Application, the Plan would not be implemented.

- 37. The business rescue practitioners have refused to give such undertakings and instead seek to urgently implement the Plan, notwithstanding its patently clear irregularities and that the vote adopting that Plan was irregular.
- 38. Given the importance of these business rescue proceedings, all affected parties are entitled to regulate their affairs based on a full and transparent disclosure of information. The business rescue practitioners have failed in their statutory duty to provide this full and transparent disclosure of information and seek now to stream roll the implementation of the Plan.
- 39. By the time the Main Application is heard, the Plan may have been implemented, or at least to such an extent that there may be no turning back, rendering nugatory the relief that the applicants seek.
- 40. The applicants seek by way of urgent relief to preserve the *status quo*.
- 41. Evraz Highveld has been in business rescue since April 2015, for over six months. The operations of Evraz Highveld have been mothballed. The business rescue practitioners have sought numerous extensions of the periods provided for in Chapter 6 of the Companies Act, 2008.
- 42. The date by which the conditions precedent are to be fulfilled (as unlikely as this may be) is 15 January 2016. Paragraph 39.2 of the Plan also provides that the business rescue practitioners can extend any timeframes.
- 43. The business rescue practitioners cannot now profess an urgency to push through what is clearly a deficient business rescue plan.

- 44. On 20 October 2015, ENSafrica addressed a letter to Baker & McKenzie (the attorneys of record for the first and second applicant), in which they stated the following:
 - "1. We refer to the Business Rescue Plan in respect of Evraz Highveld Steel and Vanadium Limited which was adopted on Tuesday, 13 October 2015 (the "**Plan**").
 - 2. As you are aware, Proposal 1 as contained in Part B of the Plan contemplates that a Scheme of Arrangement in terms of Section 114 of the Companies Act of 2008 will be proposed to all shareholders in terms of which all of the shareholders in the Company will be required to dispose of their shares in the Company to International Resources Project Limited ("IRP") for an amount of R20 000 000.00 (twenty million Rand) ("Scheme").
 - 3. Given that your client voted against the adoption of the Plan we hereby formally require your client to advise whether it will support the adoption of the Scheme as contemplated in the Plan, and if so we would require an irrevocable undertaking from your client that it will vote in favour of the Scheme when proposed.
 - 4. Please note that should your client not support the proposed Scheme the IRP transaction will proceed in accordance with Proposal 2 as more fully described in Part B of the Plan, being a sale of the business of the Company.
 - 5. <u>Given the urgency of the matter</u> we would ask that you please revert by no later than 17h00 on Thursday, 22 October 2015"

(underlining my own)

A copy of the ENSafrica letter is attached hereto, marked "TM3".

- 45. On 21 October 2015, Baker & McKenzie addressed a letter to ENSafrica, in which it stated *inter alia* the following:
 - "1. We refer to your letter to us on 20 October 2015.
 - 2. Please find enclosed a courtesy copy of an application launched by our clients against Evraz Highveld Steel and Vanadium Limited ("Evraz Highveld"), your clients and others for an order inter alia declaring that:

- 2.1 the business rescue plan for Evraz Highveld ("the Plan") is invalid; and
- 2.2 the vote that took place at the meeting on 13 October 2015, at which the Plan was adopted, is invalid and set aside

("the Application").

- 4. We refer you in particular to paragraphs 41 to 45 of our clients' founding, in which our clients reserve their rights to seek urgent interdictory relief in the event that the need for same arises.
- 5. Given the relief sought in our clients' Application, we require your urgent undertaking that your clients will not implement the Plan pending the outcome of the Application, which undertaking we require by close of business on Thursday, 22 October 2015. Should we not receive the undertaking sought, we reserve our clients' rights to approach the court for the relief referred to above."

A copy of the Baker & McKenzie letter is attached hereto, marked "TM4".

- 46. On 22 October 2015, ENSafrica responded by way of a letter, in which it stated *inter alia* as follows:
 - "1. We refer to your letter of 21 October 2015. We do not intend to deal in this letter with the allegations raised in your letter or application and all of our clients' rights to do so are reserved.
 - 2. Our clients are unable to give the undertaking that your clients seek as our clients are statutorily obliged to implement the plan. In the event that you intend on seeking urgent interim relief please give us advance notice of such intention."

A copy of the ENSafrica letter is attached hereto, marked "TM5".

47. On 23 October 2015, Baker & McKenzie addressed a further letter to ENSafrica, in which they stated as follows -

100)

- "1. While appreciating that your clients are under a statutory obligation to give effect to the Plan if sustained in the face of our clients' application your clients equally cannot engage in the irrevocable alienation or disposal of the property of Evraz Highveld, or for that part compelling our client to exercise an election on the first proposal under the Plan, until the application has been finally resolved.
- 2. We must therefore persist in seeking an undertaking from your clients, at the very least, to refrain from any such disposal pursuant to the Plan until the present application is resolved, failing which an urgent application for an interim interdict on this basis must necessarily follow.
- 3. Please revert to us by no later than close of business today."

A copy of the Baker & McKenzie letter is attached hereto, marked "TM6".

- 48. On 23 October 2015, shortly after the close of business, ENSafrica responded to Baker & McKenzie, stating *inter alia* as follows:
 - "3. As conceded in your letter, our clients have a statutory obligation to implement the business rescue plan and accordingly our clients are unable to give the requested undertaking.
 - 4. It is clear from your clients' affidavit that Mastercroft S.A.R.L does not support the proposed scheme of arrangement in terms of section 114 of the Companies Act, 71 of 2008."

A copy of the ENSafrica letter is attached hereto, marked "TM7".

- 49. In the circumstances, read with ENSafrica's letters referred to above, the BRPs have explicitly stated that they are proceeding to implement the Plan on an urgent basis, notwithstanding the serious procedural irregularities clearly set out by EMAG and Mastercroft in the Main Application.
- 50. In view of the significant public interest considerations I referred to earlier in my affidavit, the applicants are prepared to agree to an expedited hearing of

De J

the Main Application and to co-operate with the respondents in approaching the Judge President or Deputy Judge President to seek such an expedited hearing. In the meanwhile the applicants seek to preserve the status quo but the business rescue practitioners refuse.

THE APPLICANTS' PRIMA FACIE RIGHTS

- 51. As set out from paragraph 3 of my founding affidavit in the Main Application, EMAG as one of the largest, if not the largest, creditor of Evraz Highveld and Mastercroft as the holder of 85.11% of the shares in Evraz Highveld seeks that the business rescue plan for Evraz Highveld and the adoption thereof at the statutory meeting on 13 October 2015 be declared irregular and invalid because:
 - a large body of persons was permitted to exercise voting interests at the statutory meeting held in terms of section 152 of the Companies Act, 2008 ("Companies Act") to vote on the business rescue plan, who had not been reflected in the proposed business rescue plan as required in terms of section 150(2)(a)(ii) of the Companies Act;
 - the business rescue plan did not contain all the information reasonably required to enable affected persons to decide whether or not to accept or reject the plan as expressly provided for in sections 150(2) and (3), including the inclusion of over R1,4 billion of alleged creditors;
 - 51.3 as a result the affected persons including EMAG and Mastercroft were ambushed by the inclusion in the votes of creditors of a large

W.

body of persons who had not been disclosed before or at the statutory meeting on 13 October 2015 and which disclosure would be made by the business rescue practitioners only <u>after</u> the vote had already taken place and only after enquiry by EMAG and Mastercroft; and

- in any event, the proposed plan affects the rights of shareholders but no vote of shareholders was conducted as required in terms of section 152(3)(c) of the Companies Act.
- 52. The Plan suffers from a major deficiency and non-disclosure in that it shows that the first respondent has creditors of R1,176,335,460 but the persons whom the BRPs permitted to exercise a voting interest at the meeting on 13 October 2015 were more than double this, at R2,371,453,398.
- 53. Apart from this having a massive effect on any possible dividend to creditors, whether in a business rescue or liquidation scenario, EMAG was at all times led to believe by the business rescue practitioners that its voting interest in respect of its claims of over R378 million constituted 32% of the total voting interest and that, in the circumstances, its vote, if against the adoption of the business rescue plan would be sufficient to result in a rejection of the proposed business rescue plan, as the requisite approval of 75% of the creditors' voting interests would not be achieved in terms of section 152(2)(a) of the Companies Act. The applicants accordingly conducted themselves and made commercial decisions based upon this represented position.
- 54. Unbeknown to EMAG and Mastercroft, and apparently the other affected persons, the BRPs permitted additional persons in a sum of R1,195,117,938

W X

to vote at the meeting of creditors on 13 October 2015 and, in so doing, diluted EMAG's voting interest as the majority creditor from 32% to 16%. It was only after the meeting and upon demand that the BRPs disclosed the identities of these additional persons and that they were permitted to vote.

- 55. One such additional person permitted to exercise a voting interest was the South African Revenue Services ("SARS"), who was permitted to exercise a voting interest in respect of two claims of R545,076,872.00 and R35,988,059.00 respectively.
- 56. As appears from my founding affidavit in the Main Application, the entire Plan's dividend flow is based upon whether SARS advances a claim or not and whether that claim is valid. The presence of SARS and whether it participates in the business rescue process is vital to a proper consideration by affected persons as to whether or not to adopt the proposed Plan.
- 57. The failure of the BRPs to disclose that SARS had sought to exercise a voting interest, and that the BRPs were permitting SARS to do so, precluded the affected parties from being able to properly decide whether or not to accept or reject the Plan, or to adjourn the meeting, or to take such steps as may be appropriate to protect their interests.
- 58. To exacerbate the situation, both the terms of the Plan and the applicants' attorneys' interaction with the BRPs and their attorneys leading up to the meeting on 13 October 2015 created the impression that the claims by SARS were disputed and would continue to be disputed by the first respondent and the BRPs. What the BRPs then did, without disclosing this to the affected

1

persons, including the applicants, at the meeting on 13 October 2015 was to belatedly agree to allow SARS to exercise a voting interest of over R579 million upon what are disputed claims, to the material prejudice of EMAG and Mastercroft.

- 59. Other persons who the BRPs permitted to exercise significant voting interests and that had not been disclosed in the Plan included:
 - 59.1 Eskom Holdings Limited in an amount R348,198,514.00, constituting some 10% of the total creditors. To the best of my knowledge Eskom has not even advanced a claim in a cognizable form; and
 - 59.2 Mapochs in an amount of R178,892,636.00.
- 60. The BRPs should not have permitted these persons, and in particular SARS, to vote at all in respect of their alleged claims, and at the very least should have sought to adjourn the meeting on 13 October 2015 to enable a vote on whether to prepare and publish a revised business rescue plan reflecting these additional creditors and the effect their inclusion would have on the business rescue plan, particularly in relation to the anticipated dividend flow, which could be expected to at least halve. The BRPs could then also be afforded an opportunity to explain what their intentions were in relation to the disputed SARS claims, which had a decisive effect on the proposed business rescue plan, and the creditors' views sought as to the continued challenge to the SARS claim.
- 61. In the circumstances, not only was the creditors' vote in terms of section 152(2) on the proposed plan irregular, but also the plan itself massively under-

de à

disclosed the extent of the company's creditors, including that one of these creditors was the pivotal creditor, SARS.

- 62. It is in these circumstances that in the Main Application EMAG and Mastercroft seek that both the adoption of the Plan and the Plan itself be declared irregular and invalid, together with further related relief.
- 63. In the event the relief sought in the Main Application is granted, the BRPs must then decide whether there remain reasonable prospects of rescuing Evraz Highveld, and seek to amend and publish a revised Plan that is statutorily compliant and to conduct a proper vote.
- 64. The acceptance of SARS' claim and/or according SARS a voting interest has the following far-reaching consequences for EMAG's rights as a creditor (which are guaranteed in the Companies Act) in Evraz Highveld:
 - any probable dividend to EMAG (and other creditors) in the scenarios proffered in the Plan is dramatically reduced, in particular as SARS would be a preferent creditor in liquidation proceedings; and
 - 64.2 it may affect the manner in which creditors, including EMAG, would exercise their discretion in voting for or against the Plan, as SARS if its claims were good, would now constitute the largest creditor with a voting interest in excess of 25% based on the increased creditor base of R2.3 billion.
- 65. The admission of additional voting interests not reflected in the Plan, and specifically a creditor in the form of SARS, given the size of its claim and

preferent status in liquidations, constitutes material information reasonably required to facilitate affected persons in deciding whether or not to accept or reject the Plan as expressly required in section 150(2) of the Companies Act.

- 66. Section 150(2)(a)(ii) of the Companies Act specifically requires that the Plan contain a complete list of the creditors of Evraz Highveld when the business rescue proceedings began, as well as an indication as to which creditors would qualify as secured, statutory preferent and concurrent in terms of the laws of insolvency, and an indication of which creditors have proved their claims.
- 67. Section 150(2)(a)(iii) requires that the Plan set out the probable dividend that will be received by creditors, in their specific classes, if Evraz Highveld was to be placed in liquidation.
- As appears from the Vote Spreadsheet provided by the BRPs to EMAG and Mastercroft's attorneys (which, as set out in my founding affidavit in the Main Application, was only obtained from the BRPs on request and after the vote to adopt the plan), a copy of which is attached hereto marked "TM8", the creditors in Evraz Highveld have increased by nearly R1.2 billion from the amount reflected in annexure B to the Plan, when it was first published, from R1,176,335,460 billion to R2,371,453,398.
- 69. In this respect, I wish to draw to the Court's attention that significant additional creditors, apart from the claims by SARS, include:
 - 69.1 Eskom Holdings Limited in an amount of R248 million;

100

- 69.2 Mapochs in an amount of R178 million; and
- 69.3 NUMSA in an amount of R30.8 million.
- 70. In addition, the Plan is deficient in not stating whether the additional creditors would qualify as secured, statutory preferent or concurrent creditors in terms of the laws of insolvency and whether they have proved their claims.
- 71. Further, annexure "B" to the Plan is also deficient in that it does not properly describe all the secured creditors. The only secured creditors that are reflected in the list annexed to the Plan are Nedbank at R7.5 million and Vesuvius South Africa at R33.4 million.
- There are at least significant further secured creditors because in annexure A to the Plan the BRPs, in describing the fixed assets, state that some creditors have submitted claims for liens over assets exceeding R119.5 million. These creditors would be secured creditors and would not be required to give up any of their security in terms of section 134 of the Companies Act unless they consented to the BRPs disposing of the assets over which they exercised their liens or provision made for payment to them of the full sale proceeds attributable to the property forming the subject-matter of the lien and/or the establishment of security to that person's reasonable satisfaction
- 73. Also, in paragraphs 133 to 136 of my founding affidavit I deal with the BRPs inexplicable decision to allow the Industrial Development Corporation of South Africa Limited, a super preferent creditor of Evraz Highveld to submit a claim and vote on the adoption of the plan.

1980 à

- 74. The omission of the SARS claims as well other creditors who were permitted to vote does not meet the requirements of section 150(2) and therefore directly impacts on EMAG and other affected persons' rights to be provided with such reasonable information that would enable them to properly consider their position in respect of how they intend to vote.
- 75. In addition to what I have submitted above, allowing a voting interest by SARS, without informing EMAG and the general body of creditors of the nature and effect of such voting interest, is reckless and contrary to the duty of the BRPs to act independently, transparently, in good faith and in the interest of Evraz Highveld and all affected persons.
- 76. In short, the Plan proposes three separate and alternative proposals by the BRPs for the rescue of Evraz Highveld:
 - 76.1 a Revised Final Offer by IRP, as set out above, a company incorporated in Hong Kong, or its nominees to the BRPs in terms of which IRP has offered to acquire all of the issued shares in Evraz Highveld (including Mastercroft's shares) through a scheme of arrangement in terms of section 114, read with section 115 of the Companies Act ("Proposal 1"); alternatively
 - an offer by IRP to acquire the business of Evraz Highveld as a going concern ("Proposal 2"); further alternatively
 - 76.3 in the event of the failure of Proposal 1 and/or Proposal 2, that the business of Evraz Highveld be wound down, entailing the sale of its assets by private treaty or public auction ("wind down").

de .

- 77. Proposal 1 of the Plan, as purportedly adopted, entails IRP acquiring Mastercroft's shares in Evraz Highveld pursuant to a scheme of arrangement in terms of section 114 as read with section 115 of the Companies Act.
- 78. Apart from a scheme of arrangement pursuant to these sections not being possible as the Evraz Highveld is under business rescue, the proposal alters the rights of Mastercroft as a holder of Evraz Highveld's securities (shares). No attempt was made at the meeting on 13 October 2015 to introduce the proposed business plan to the shareholders, including Mastercroft, and accordingly it followed that none of the shareholders were afforded the opportunity to vote on the plan. In the circumstances, the Plan could not be finally adopted because the shareholders, including Mastercroft, have not voted whether or not to adopt the Plan as required in terms of section 152(3)(c) of the Companies Act.
- 79. Mastercroft would have voted against the adoption of the Plan and as it constituted a majority of the shareholders' voting rights, the Plan would not have been finally adopted as provided for in section 152(3) of the Companies Act.
- 80. The implementation of an irregular plan adopted by way of an irregular vote infringes the applicants' rights and those of all other affected parties under Chapter 6 of the Companies Act.

REMAINING REQUIREMENTS FOR INTERIM RELIEF

81. As set out in my founding affidavit, to the extent that the BRPs remain of the view that there are reasonable prospects for Evraz Highveld to be rescued,

NO X

then they are obliged to seek the revision of the Plan to properly reflect all the required statutory information, including but not limited to a complete list of all creditors, including SARS, and the effect that the inclusion of the additional claims of SARS will have on the proposals in the Plan and the likely dividend in the business rescue and liquidation scenarios.

- 82. Evraz Highveld and the BRPs have challenged the claims by SARS and cannot now simply accept that those claims are good, particularly where the inclusion of the claims materially prejudices the rights of EMAG and all other creditors whose dividend will be massively reduced, whether in a business rescue or liquidation scenario.
- 83. EMAG and all affected persons are also entitled to know what the BRPs intentions are in relation to challenging the SARS claims and for the appropriate amendments to be made to the Plan to cater for a continued challenge to the claims of SARS.
- 84. However, the BRPs have disregarded EMAG's rights and those of creditors and other affected persons by simply steamrolling through a vote on a Plan, premised on incomplete and incorrect information. To date, the BRPs have not advised creditors and affected persons of the effect that any SARS claim may have on the dividend they will (or will not) receive. I am unaware of any other creditors who have knowledge of the fact that SARS has submitted a claim.
- 85. In terms of Proposal 1 of the Plan, Mastercroft is faced with the opportunity that it may sell its shares. However, it is severely prejudiced as, despite its

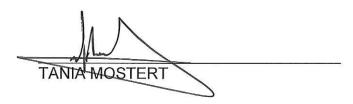

00

various attempts to elicit information to the BRPs prior to the adoption of the Plan, it cannot properly assess the alternatives available to it as they are based on patently incorrect financial information.

- 86. If the Plan is implemented and Mastercroft is unable to stop the premature scheme of arrangement proposed in terms of Proposal 1, the BRP's will move to option 2 thereby prejudicing Mastercroft's rights to deal with its shares.
- 87. The applicants will suffer irreparable harm if the deficient and irregularly adopted Plan is implemented.
- 88. There is no alternate remedy available to the applicants. The applicants cannot realistically seek damages against the business rescue practitioners or the company arising from an infringement of the applicants' statutory rights under Chapter 6 of the Companies Act.
- 89. The prejudice that the applicants (and the other affected parties) will suffer in the event that the interim relief is not granted and the status quo that has been prevailing for the last six months is not preserved outweighs any prejudice that the business rescue practitioners may contend for. As set out above, there is no pressing urgency for the business rescue practitioners to implement the Plan before the efficacy of the Plan is determined, especially in light of the Applicants' tender to cooperate in order to obtain an expedited hearing of the Main Application.

WHEREFORE I pray for an order in terms of the notice of motion to which this affidavit is annexed.

("Highveld" or "the Company")

NOTICE OF COURT PROCEEDINGS INSTITUTED AGAINST INTER ALIA EVRAZ HIGHVELD STEEL AND VANADIUM LIMITED (IN BUSINESS RESCUE)

("HIGHVELD"), THE BUSINESS RESCUE PRACTITIONERS OF HIGHVELD AND AFFECTED PERSONS

Shareholders are advised that East Metals AG ("EM") and Mastercroft S.A.R.L ("Mastercroft") has instituted court proceedings against inter alia Highveld, the joint Business Rescue Practitioners of Highveld ("the BRPs") and several other affected persons of Highveld.

In accordance with Regulation 6 of the Companies Act, the details of the abovementioned court proceedings are as follows:

- 1.1. On or about 21 October 2015, EM and Mastercroft furnished the BRPs with a copy of an application in terms of which EM and Mastercroft seek to inter alia declare:
 - 1.1.1. the business rescue plan of Highveld invalid;
 - 1.1.2. that the vote which took place at the meeting on 13 October 2015, in terms of which the business rescue plan was adopted, invalid and to have the vote set aside; and
 - 1.1.3. that the agreement on the remuneration of the BRPs as provided for in the business rescue plan as invalid and set aside.
- 1.2. Highveld and the BRPs intend opposing the application.

A full copy of the papers in the above application is available on request at mscruse@matusonassociates.co.za.

NOTICE TO AFFECTED PERSONS OF COURT PROCEEDINGS INSTITUTED AGAINST *INTER ALIA* EVRAZ HIGHVELD STEEL AND VANADIUM LIMITED (IN BUSINESS RESCUE) ("HIGHVELD"), THE BUSINESS RESCUE PRACTITIONERS OF HIGHVELD AND AFFECTED PERSONS

(CASE NO: 85549/15)

Dear Sirs

- Please note that pursuant to the provisions of sections 144, 145, and 146 of the Companies Act, 71 of 2008 as amended ("the Companies Act"), notice is hereby given to all affected persons of court proceedings which were instituted by East Metals AG ("EM") and Mastercroft S.A.R.L ("Mastercroft") against *inter alia* Highveld, the joint Business Rescue Practitioners of Highveld ("the BRPs") and several other affected persons of Highveld.
- 2. In accordance with Regulation 6 of the Companies Act, the details of the abovementioned court proceedings are as follows:
 - 2.1. On or about 21 October 2015, EM and Mastercroft furnished the BRPs with a copy of an application in terms of which EM and Mastercroft seek to *inter alia* declare:
 - 2.1.1. the business rescue plan of Highveld invalid;
 - 2.1.2. that the vote which took place at the meeting on 13 October 2015, in terms of which the business rescue plan was adopted, as invalid and to have the vote set aside; and
 - 2.1.3. that the agreement on the remuneration of the BRPs as provided for in the business rescue plan as invalid and set aside.
 - 2,2. Highveld and the BRPs intend opposing the application.
- 3. Should you require a full copy of the papers in the above application, kindly forward your request to mscruse@matusonassociates.co.za.

Yours faithfully

Dear Sirs

RE: BUSINESS RESCUE PROCEEDINGS / EVRAZ HIGHVELD STEEL AND VANADIUM LIMITED / PROPOSED BUSINES RESCUE PLAN

- 1. We refer to the Business Rescue Plan in respect of Evraz Highveld Steel and Vanadium Limited which was adopted on Tuesday, 13 October 2015 (the "Plan").
- 2. As you are aware, Proposal 1 as contained in Part B of the Plan contemplates that a Scheme of Arrangement in terms of Section 114 of the Companies Act of 2008 will be proposed to all shareholders in terms of which all of the shareholders in the Company will be required to dispose of their shares in the Company to International Resources Project Limited ("IRP") for an amount of R20 000 000.00 (twenty million Rand) ("Scheme").
- 3. Given that your client voted against the adoption of the Plan we hereby formally require your client to advise whether it will support the adoption of the Scheme as contemplated in the Plan, and if so we would require an irrevocable undertaking from your client that it will vote in favour of the Scheme when proposed.
- 4. Please note that should your client not support the proposed Scheme the IRP transaction will proceed in accordance with Proposal 2 as more fully described in Part B of the Plan, being a sale of the business of the Company.
- Given the urgency of the matter we would ask that you please revert by no later than 17h00 on Thursday, 22 October 2015.

Sincerely

Dear Sirs/Madam

MASTERCROFT S.A.R.L & EAST METALS AG / EVRAZ HIGHVELD STEEL AND VANADIUM LIMITED AND OTHERS: CASE NO: 85549/15

- 1. Your letter dated 22 October 2015 is acknowledged.
- 2. While appreciating that your clients are under a statutory obligation to give effect to the Plan if sustained in the face of our clients' application your clients equally cannot engage in the irrevocable alienation or disposal of the property of Evraz Highveld, or for that part compelling our client to exercise an election on the first proposal under the Plan, until the application has been finally resolved.
- 3. We must therefore persist in seeking an undertaking from your clients, at the very least, to refrain from any such disposal pursuant to the Plan until the present application is resolved, failing which an urgent application for an interim interdict on this basis must necessarily follow.
- 4. Please revert to us by no later than close of business today.

Yours sincerely

Gerhard Rudolph
